

RAiDDERS Monthly Highlights – April-May 2025

We're excited to share the progress, partnerships, and product milestones we achieved this month. Here's a quick look at what we've been up to:

Strategic Partnerships & Client Engagement

- **Nitto Corporation**
Completed Level 2 discussions where Nitto expressed keen interest in our **AI Research Junior** solution. Following this, we executed an **NDA** and are now expecting their **use case and dataset** to move forward collaboratively.
- **Global Hospital**
Presented our AI capabilities to the **Innovation Head of Global Hospital**, opening doors for future synergies in healthcare innovation.
- **T-Hub Founder's Mixer**
Engaged with key players at the **T-Hub Founder's Mixer**, including a valuable conversation with the **CEO of T-Hub** to explore growth opportunities through their platform and network.
- **TMSFirst**
Initiated a promising conversation with **TMSFirst**, a comprehensive logistics provider, who expressed interest in our **NextSight** platform.
- **Coal India Ltd.**
Advanced through two levels of discussions with **Coal India**, demonstrating the capabilities of **DKubeX's Retrieval-Augmented Generation (RAG)** and **SecureChat**. Their interest has been strong, and we've submitted **two tailored business proposals** along with a custom presentation deck.

Product & Technology Updates

- **NextSight Alpha Release**
Successfully delivered the **Alpha version** of the NextSight project. Development milestones were met, and the backend database infrastructure was also deployed.
- **Blockchain-Secured RAG Demo Launch**
Unveiled our new **blockchain-secured RAG application**, now live at <https://experience.dkube.io>.
After a thorough internal review and refinement cycle, it was released to the public on **May 21st**, accompanied by a newly produced explainer video.
- **NextSight Handover**
Completed **knowledge and code transfer** to the NextSight team, ensuring smooth continuation of development and deployment.

Marketing & Media Initiatives

- **Marketing Roadmap Activation**

Rolled out a focused **marketing task roadmap** designed to enhance visibility, outreach, and audience engagement across key channels.

- **Podcast Collaboration with White Noise Academy**

Kicked off our **podcast initiative** with an introductory session, followed by an in-person strategy meeting at **White Noise Academy** on **May 18th**. Plans are underway to bring engaging, thought-leading audio content to our community.

We're proud of the momentum and collaboration achieved this month—and we're just getting started.

Stay tuned. The future is being built- together.
